Password: [053110](#)

This coupon is to promote our new In-Service training and can be used for In-Service courses only.

Not valid for standard Washington STARS Training online.

Coupon Expires: May 31, 2010

What is In-Service Training?

Child care professionals, parents, and those interested in the care and development of children are eligible to participate in Successful Solutions online In-Service trainings. **We are a Washington STARS approved training organization, and all of our courses earn Washington STARS credit.**

The In-Service online training is a fully automated training system brought to you in partnership with Smart Horizons. These courses also meet the yearly training requirements for many other states. [Click here to find out if Smart Horizons trainings are approved to meet the yearly training requirements in your state.](#)

In-Service courses meet the STARS training requirements in Washington State.

In addition, the In-Service courses will meet the yearly professional development requirements for states that do not have a system of specifically pre-approving trainings toward the required hours of professional development that you need each year. In-Service courses can be applied toward the training requirements for the [CDA \(Child Development Associate Credential\)](#) or the [CDA Renewal](#).
